Article and food drop Get dog's attention)

Tracklayer goes out and returns on same straight path.

Continue straight for several steps after leaving article.

Tracklayer makes wide circle to return to dog.

All other procedures as in Track A

Wind

Leave a good starting scent to right of stake

Dog watches from here

When tracking into the wind, the dog may "air-scent" or track with his head up. Later when you lay tracks with the wind, the dog will look for the scent at ground level.

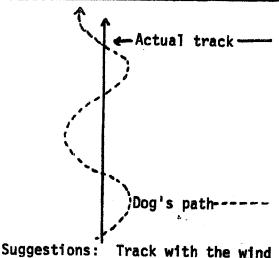

Track C -- Alternate plan

Owner leaves article as shown. Helper diverts dogs attention while owner slips behind tree, etc. Helper serves as handler during tracking

Dog receives motivation of article find, and finding owner.

Age the tracks Keep the lead short Make the dog pull you
